Hancock County Launches Labor Survey As Part Of Plan To Get New Industry For This Area

The Hancock County Chamber of Commerce and County Industrial Agent Warren Carver today launched a labor survey aimed at finding out how many persons in this area would work in a garment factory.

Carver was appointed by the Board of Supervisors last month to lure industry to the county. He found he needed detailed labor information to supply to industrialists who are interested in moving to the county.

So the survey is being launched today in co-operation with the Sea Coast Echo. A blank is located elsewhere on this page. Persons who would be interested in working in a garment factory in this area are asked to fill out a blank and send it either to the Hancock County Chamber of Commerce or to Carver at Box 232 in Bay St. Louis.

A labor survey was made by the City of Bay St. Louis some four or five years ago. More than 800 replies were received. However, all of this information is out of date and the blanks turned in at that time are of no use to the present survey.

One factory already is under construction just outside of Bay St. Louis on Highway 80. It is a candy factory owned by the Stucky Candy Co., of Atlanta, Ga. This firm now operates 43 such factories around the United States.

The current survey has nothing to do with this factory, however.

The survey concerns only garment workers. There will be other surveys later.

"In order to obtain accurate and up-to-date information concerning the number of garment plant workers within a radius of approximately twenty-five miles of Bay St. Louis a labor survey is now being conducted by the Hancock County Chamber of Commerce," Carver said. "Anyone interested in possible future employment in a garment plant is urged to complete the blank found elsewhere in this newspaper and mail immediately to one of the addresses suggested."

"It is pointed out that of the first questions any prospective garment plant manufacturer would want to know about the community in which he is interested is the number of workers in that particular area."

Commerce Group Meets Here

The Hancock County Chamber of Commerce was host to the Mississippi Coast Council of Chambers of Commerce, Wednesday, January 19th, when Mr. and Mrs. James Lyman Crump of Holly Bluff on the Jordan, opened their beautiful gardens for a tour for the visiting chamber executives.

Later that evening dinner was served at Hotel Reed, followed by the business meeting.

An election of officers for 1955 was held with Ad Lang of Pass Christian elected president. Mr. Lang succeeds Donald Sutter of Gulfport.

Coin Found Here May Be Lost Pirate Gold Four Centuries Old

Charles Zerr of North Beach came somewhat of a treasure hunter the other day. As he was walking around a tree in his yard he noticed something shiny lying on the soil.

Picking it up and wiping away he recognized the gold coin from the 16th century.

The coin and may be the only place common in the century.

On the coin are the words "Pirate Gold," "One Doubloon," and the engraved picture of a pirate on one side and a Spanish conquistador on the other. Also there is the year 1580.

Zerr took the coin to the bank and asked them to write to him. The bank agreed to do this, to determine the authenticity of the discovered coin.

He related the finding of the coin to the other day when he was walking in the yard and found his money in the ground.

"In those days there was a bank in town so the money would not be lost. It was in the yard and the money in the ground. There have been instances when people have accidentally found some of this buried money."

He continued, "I remember a man, who had bought the Hotel Reed, was attracted by the parking of the hunting dogs. The animal was barking at something in a hole in the ground. The man's wife told him to go and see what it was."

He was taking a shovel the gentleman started digging. And he found two things. First was a hole in the ground, which was causing the dogs to bark, and the other thing he found was \$25.00 buried."

At the present time Zerr is waiting patiently for the word from Washington.

He wants to find out just what the coin carries, and if it is a collector's item. In the meantime, Zerr is showing it around town, telling it as his "young money 305 years old."

Lakeshore Notes

By MRS. MALCOLM GREEN

If you are down our way on Sunday afternoon February 6th, and see a group of women and men armed with shotguns in front of the Lakeshore Inn, don't get excited and call the sheriff. It will just be the mothers and fathers of Lakeshore armed to the teeth in the fight against Police and taking part in a shooting match for the benefit of the March of Dimes, sponsored by Mrs. Malcolm B. Green. Donations are \$1.00 per person and besides a calf, a large number of other prizes will be awarded. This benefit has the approval of Mrs. Theo Tudury, Hancock County chairman of the March of Dimes Campaign for 1955. As a special added attraction a team of mothers will compete against a team of fathers. Please come and enjoy the fun, while helping a most worthy cause, so that if you ever need it, they can help you.

Needless to say, in view of the crowd attending, it's best to make early reservations for next Sunday.

MODERN ETIQUETTE

Q. Is it necessary for the bride's family to mail a wedding invitation to the bridegroom's parents?

A. Most certainly. And separate invitations must be mailed to each brother and sister of the bridegroom, even though they might be living at the same address as their parents.

Q. If tea is served and a guest does not care for it, would it be all right for this guest to ask for a cup of coffee?

A. Not unless the hostess asks if the guest prefers coffee. Otherwise drink the tea, or part of it, and express no preference.

Q. Is it proper to name the second son "Junior" for his father, or is this title always supposed to be conferred on the oldest son?

A. The junior in a family need not be the first son.

The Coming Elections

Them "early bird" candidates already are announcing, and it is time to think of the coming elections.

It is time, also, for a newspaper to explain its functions during the coming campaign.

We recognize the vital part this newspaper must play in the coming campaigns. Although there will be rallies where the candidate appears personally this newspaper is the chief way they must approach their public.

We have made special plans to extend even further our current circulation - already by far the largest of any publication in Hancock County. But more about that later.

Every candidate will have his say. Our advertising columns will be open for any statements short or libel. Our news columns will cover major speeches and announcements.

We may choose to support some candidate and oppose others. If we do, this support or opposition will be limited to this editorial column. The candidates can reply as much as they wish.

In other words, no matter what the editors may be for or against, EVERY CANDIDATE CAN HAVE HIS SAY IN THIS NEWSPAPER IF HE WISHES IT.

Too often candidates feel that they cannot get a word in the newspaper unless that newspaper is for them. This is not true - certainly not in this paper.

We welcome the words of all. That is the only way the people can have a free choice and decide for themselves. And without a free choice and freedom of information, an election is a farce.

At times we will question the candidate on specific issues, that is part of our job in serving the people. They deserve to know where a man stands on every controversial issue which may affect his office.

When we do submit these questionnaire to the candidates, their answers - no matter what they may be - well published without editing or censorship. If any candidate should refuse to answer we'll let it go at that.

The easy way out for a small newspaper in election time is to take every candidate's advertising and then print nothing else. That's the way to keep out of trouble, we're told.

That's also the way to cheat your readers and become a fraud to your profession. If you're not going to print the news, you have no business collecting subscription money.

We're going to print the news and (we hope) collect the subscription money.

At times we will help candidates write their advertisements. This is the same service that we always provide for any advertiser.

It does not mean we are for or against that candidate. It means only we are giving a little extra service to our customer.

The only "for" or "against" (if any) will be found in the Sea Coast Echo Editorials.

The news will be in the news columns, reported fairly and as completely as we are able.

work shoes are in good supply.

The prices run from about five dollars a pair to about 12 dollars for the best in the house.

At Bay Mercantile also, you'll be able to locate your thick work and boot socks. A combination wool, rayon and cotton boot sock is priced at 59 cents. Heavy white wool work socks are 49 cents a pair.

Work handkerchiefs at the Osoinach store are the regular bandana kind, in blue and red patterns. They are 19 cents and 25 cents each. If you can't keep your girls and your wife from carting them off to use as scarves, you'd better get several.

Red Sindhi

Sought For

Experiments

Plans were in the works this week to secure through the Farmers Home Administration and the county agent's office a new type of dairy cattle for Hancock County.

The Red Sindhi, which has been used successfully in crosses with Jersey and Holstein cows, is the breed under consideration.

The office of C. F. Burrill of the FHA, revealed the plans to try to obtain one or more Sindhi bulls for use on the dairy farms of Hancock.

A government experimental station in Jeanerette, La., is now allowing the valuable cattle to be loaned for breeding purposes, provided detailed records are kept of the animal's progress.

RECIPE OF THE WEEK

By Mary Lee Taylor

Marble Cake

1 1/2 cups shortening
1 1/2 cups sugar
1 1/2 cups flour
1 1/2 cups milk
1 1/2 cups water
1 1/2 cups oil

Grease well, then dust with flour, a 9-inch square cake pan. Mix shortening, cocoa, sugar and water. Let stand. Put cake mix into a 2-quart bowl. Add half of mixture of milk and water. Beat hard 1 minute with spoon or electric beater at medium speed. Stir in rest of milk mixture and beat hard 2 minutes. Pour about 3/4 of batter into prepared pan. Side baking soda into cocoa mixture. Beat cocoa mixture into rest of batter and spoon it over top of light batter in pan. Cut through batter with knife for marbled effect. Bake on rack slightly below center in 350 oven (moderate) about 45 minutes, or until cake pulls from sides of pan. Remove from oven and let stand in pan 10 minutes before turning out to cool. Serve plain, or spread with your favorite frosting.

NOTE: Use a well-known brand that calls for milk on the package and weighs just 1 lb., 1 oz., or 17 oz.
